FTTH Fiber Optic Distribution Box, FODB-8

Product information:

FTTH fiber optic distribution box FODB-8 other called gel sealed FTTH termination box designed to terminate feeding optical cable and connect last mile cables as fiber optical patch cords according to capacity of distribution box.

Key Features:
1. Compact size
2. IP 67, gel sealed ideal protection
3. 2 cable inputs and 8 outputs ports
4. Main line or last mile cable termination or cable transit.
5. Patching to drop cable patch cord.
6. Heat tube splicing of input cable
7. Quick and easy access for further drop cable connections
8. Suitable for housing of optical splitters
9. Universal with pole/ wall applications
10. Stainless steel banding installation
11. Screw bolt installation
12. Excellent environmental protection
13. Competitive price
14. No sealing kit or special installation tools required.
15. Screw lock

Technical specification:

Product code	Fiber's capacity	Inputs and cable diameters, mm	Output drop cables, mm	Dimensions, mm	Adapters	Splitters
FODB-8	8	$2 \times \varnothing 5\text{-}12$	$8 \times 2.0*3.0$ or $8 \times \varnothing*3.0$	235*158*50	10	2 x 1*4 or 1 x 1*8
